We also certify that Copenhagen University is a state recognised higher educational institution in Denmark.

The official duration of the pre-Bologna study programme was 5 years at the time, and the admission requirement was 12 years of schooling.

The degree in question is equivalent in level to the present Danish Master of Law (Candidatus Juris, cand.jur.) which since the introduction of the Bologna structure in Denmark has been offered as a 2-year master's programme following a 3-year bachelor's programme.

Please do not hesitate to contact us directly if you need any clarification of the above.

Please note that by this letter the Danish Agency for Higher Education merely acknowledges the status of the qualification and institution in general.

To: Peter Gjortler
Subject: RE: Additional certificate

Dear Peter Gjortler,

I hereby acknowledge receipt of your below request.

On 1 October 1995, I was recruited by *Danmarks Forvaltningshøjskole* (the Danish School of Public Administration – hereinafter referred to as “DSPA”) as an EU Counsellor and attached to the school’s international department, DSPA International. On 1 January 1997, I was promoted to Senior Consultant and during the period 1 February – 31 July 1997, I was appointed Acting Director for DSPA International. At the end of September 1997, I left the DSPA to take up a position at my current employer, the European Institute of Public Administration (EIPA).

In view of the above, and in direct response to your below question, I can therefore confirm the certificate issued by Pia Sletbjerg Skov on 6 June 2003 concerning your work for the Danish School of Public Administration – DSPA International. The institution no longer exists (cf. immediately below), but as former Acting Director of DSPA International, I may confirm that you worked 350 man-days from September 1996 to November 1999 on the PHARE Programme of Assistance for the Approximation of Legislation for the Office of the Prime Minister in Romania, and that your tasks comprised reform of public administration, including advice on legal policy and implementation, development of training plan and implementation of seminars, with project activities that included review of administrative structures and procedures in relation to all sectors of the EU white book setting out policy goals for facilitating accession, as well as support for legislative drafting and training related to the requirements of EU administrative law.

In this context, allow me to clarify the situation of the DSPA: The DSPA became part of the *Professionshøjskolen Metropol* (i.e. the Professional College Metropol – hereinafter referred to as “Metropol”) in 2008. In 2010, the DSPA as an legal entity was dissolved and part of its activities were taken over by Metropol. Today these activities constitute part of Metropol’s *Institut for Ledelse og Forvaltning* (Institute for Leadership and Public Administration).

I hope with this to have clarified and certified your working relationship with the DSPA (now *Professionshøjskolen Metropol*). Should you or the EU Delegation have any further questions to the above, please do not hesitate to contact me.

Sincerely yours,

Peter Goldschmidt

EUROPEAN COMMISSION

Directorate-General Enlargement

D - IPA STRATEGY

D.2 - INSTITUTION-BUILDING, TAIEX, TWINNING

Brussels, 8 October 2014

TO WHOM IT MAY CONCERN

The European Commission, Directorate General Enlargement, Institution Building Unit (D2) is dealing with the TAIEX Instrument.

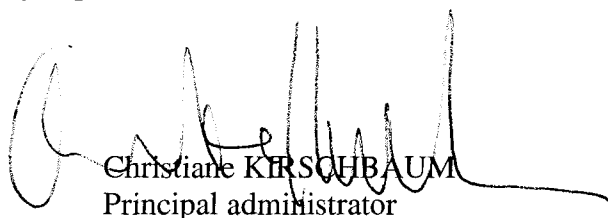

The main task of the unit is the provision of short-term technical assistance to help countries with their approximation to and implementation of the EU Acquis and to inform them about best practices. Beneficiaries are the candidate and potential candidate countries of the Western Balkans and Turkey as well as the countries under the European Neighbourhood Policy. Even after their accession in 2004 we have worked for the countries of the fifth enlargement round until 2008.

The assistance is delivered upon the beneficiaries' demand in the form of seminars and workshops, study visits and expert missions. For the expertise given we are mainly relying on officials and rarely academics from the Member States.

Mr Peter Gjortler has been an expert for the TAIEX instrument since 2003 and we continued to rely on his expertise until 2012. He has extensively worked in all countries of the fifth enlargement round and after 2008 he contributed to seminars the TAIEX instrument organised in the former Yugoslav Republic of Macedonia, Turkey, Belarus and Israel.

The expertise of Mr Gjortler in EU Law is outstanding. We have asked for his availability for numerous workshops dealing with various issues of the classic EU law including the procedures before the European Court of Justice. However Mr Gjortler is also competent on topics regarding the political criteria of Copenhagen such as for example freedom of expression, access to justice and other more specific topics outside the scope of classic EU Law.

His lectures were highly appreciated by our beneficiary countries. I was always glad when he accepted to be our speaker, knowing that the participants to the seminars in the various countries would benefit from his extraordinary experience.

Re Peter Gjørtler - Strengthening the administrative and managerial capacity for an efficient implementation of the legislation on public procurement.

Peter Gjørtler worked for WYG International on the above project as Key Expert 3, Public Procurement Expert, from December 2006 to October 2007.

Peter's work on the project was of a very high quality and his commitment was exemplary.

Emne: Certificate concerning the Ministry of Justice

Dear Andreas,

I am currently being evaluated for an EU project and I have received a request for additional certification of my CV concerning the Ministry of Justice. I have explained that as a principle, the ministry only confirms employment and not tasks. However, I have been asked whether in such case, a former colleague might confirm the description of tasks, and also to confirm that the ministry does not issue certificates specifying tasks. If you would find this possible, I would very much appreciate this.

Peter

Dear Peter and Vlora,

Thank you for the draft Final Report and Bid-Rigging Manual for the KCA.

I have carried out a detailed editing and formatting review and revision of these drafts - see attached here.

This is a very good piece of work overall and will be important for the KCA. The Final Report will also be published, when completed, on our website.

I would be grateful for your thoughts on the attached texts as final version of the Report and the Manual.

With best regards

EUGENE
